*There were 79 total graduates, 14 responding. All graduates that received Bachelor Degree, Associate Degrees, and certificates were surveyed. (Of the original 79 graduates, 4 of them double majored; however, “a student with a double major only receives one degree if both majors are of the same degree type. For example, when a student majors in both Interdisciplinary Fine Arts and English, he/she receives one Bachelor of Arts degree with two majors. A student who majors in two programs leading to two different degrees -- like Biology and Environmental Studies -- would receive two different degrees: a BA in Biology and a BS in Environmental Studies.” Mary Stover)*
