

University of Maine at Machias COVID-19 Journal Submission

The Merrill Library at the University of Maine at Machias is collecting records of our community's experiences during the COVID-19 pandemic. These materials could be anything from a video recording of yourself talking to the camera, an audio recording of you interviewing a friend or family member, a picture of a piece of art you created, or a scan of a journal you've been keeping. All sorts of documentation will be of interest to historians and researchers. If you have anything to contribute, please fill out this form and send it along with your material to ummlibrary@maine.edu. If you do not have a way to digitize your contribution, contact us and we will be happy to discuss how we might acquire a digital representation once the pandemic has passed.
